

★ FROM THE DESK OF THE ELF ON THE SHELF ★

I have had so much fun being a part of your family!

Tonight when you go to sleep, Christmas Magic will happen! I will fly back to the North Pole for the last time this year. I will make my last report to Santa before he packs up his sleigh. When you wake up tomorrow, I will be gone and there will be presents under the tree.

I know there will be presents because I've told Santa about what good children you have been. I told him all of your Christmases wishes and I know he will bring the perfect presents for you.

Lucky for us, Santa has
for just

Lucky for us, Santa has lifted my magic for just a few minutes after you are done reading this letter. In those few minutes, you can touch me, hug me, and kiss me good-bye! After you are done, please put me back where you found me.

Can't wait to see you next Christmas!
